Joe Ford
Interim Mayor

June 18, 2010

John J. Bradley
Senior Vice President
TVA Economic Development
P.O. Box 292409, OCP2A
Nashville, TN 37229-2409

Dear Mr. Bradley,

This letter is in support of Project Vault and the data center site assessment process for all it could mean to Millington.

I want you and the team to know that the City of Millington and this office are in full support of the efforts being made to qualify as an appropriate data center site. Support in any way possible from my office is assured you can call on me. Thank you for your leadership in bringing this program to the valley. A data center in Millington would benefit us all for many years to come. It is my hope you and the team from Deloitte find Millington an appropriate future data center site.

Again thanks for all that the TVA means to the valley and all you personally have done for Millington and West Tennessee.

Sincerely,

Joe Ford
Interim Mayor, Shelby County
